

# “What if I want to earn & learn?”

## Apprenticeships are the answer!

Get more informed  
about apprenticeships  
and what they can offer  
**by taking part in one  
or more virtual sessions**

**Happening as part of:**

**National Apprenticeship Week  
6th – 10th of February 2023**

Ask your school or college to register  
their interest by clicking here...

**DISCOVER MORE >>>**

**Is there an alternative to uni?**

**Can I follow my passion and get paid?**

**What different options are available to me?**

Meet employers and discover the answers to these questions and more so you can decide on the best pathway for you. Whether you're interested in options that you can start aged 16+ or 18+, you'll get to know more about the choices available in your area and beyond, including how and when to apply.

**Did you know?** An apprenticeship is a paid job that offers hands-on work experience alongside off-the-job training. That means you'll gain industry know-how and get to put what you learn into practice.

- There are 600+ apprenticeships that can lead to a wide range of careers
- Apprenticeships take between 1-5 years to complete
- There are four levels available, including a degree-level
